Body:

Dear [Client Name],

I would like to tell you a little about a new goal-setting platform some friends of mine launched, and I'd like to give you the opportunity to join as well.

With 4WRD, you can record your goals and create detailed action plans—managing all of it from a cool dashboard. You can even adopt goals made by others and tailor them to be uniquely yours.

The bottom line is that 4WRD is an innovative and unique tool you can use to manage, track, and achieve everything you set your mind to...

Not to mention, you can connect with other 4WRD users in a novel community format!

As a 4WRD insider, I can also tell you that a coaching feature will be released soon where you can request personal coaching from experts on a variety of subjects who can view your progress and motivate you personally!

Another benefit of being “first” through your relationship with me, you are entitled to 14 days of 4WRD absolutely free.
